

# Course: “Camino de Santiago: Accessibility and Inclusivity”

Project: Ultraia\_Sudoe: Activation of cultural and natural resources on the Routes to Santiago in South-West Europe

## Objective:

To raise awareness among participants about disability, accessibility, and inclusivity, in order to move forward together with all the people and agents involved in the Camino de Santiago towards a more inclusive route.

### Three main thematic blocks:

**Block 1: Key concepts and general guidelines**

**Block 2: Accessibility in communication**

**Block 3: Accessibility in the physical environment**

**Estimated duration: 5 hours**

**Space with complementary resources**  
**Accredited diploma**
