Take-off event

All you need to know

The SCAIRA take-off event will present the acceleration programme and the process to apply to the Open Calls.

During the online event, the project partners will explain:

- SCAIRA's goals, mission, and vision.
- The nature of the acceleration programme and the profile of the applicant.
- The application journey (Open Calls, calendar, requirements, etc.).
- The 3 categories of services offered.

Save this date: Tuesday, September 24, 2024 (11 a.m.–12.30 p.m. CEST). Online.

No dress code, you just need to click the link provided!

All you need to know

The take-off event will be the right occasion to ask everything that crosses your mind about the project.

The event will be conducted in English, although partners will be able to respond in French, Portuguese, and Spanish if necessary.

Above all, do not be shy and interact as much as you want.

Remember: great ideas don't come along fully formed, but great minds do always think alike!
